

13 February 2018

Dear Parents and Carers,

Further to several conversations with parents who have been asking questions along the same lines, I have tried to formulate a "go to" SPaG glossary for the elements of grammar and punctuation that seem to be causing the most headaches! Please find it attached to this email.

I have tried to keep it as concise as possible given that searching online can often open up many cans of worms that we never knew existed in the first place! This is by no means the entirety of the Year 6 SPaG contents and if you should have any further queries about some of the tasks your children are expected to be able to achieve, please contact me and I can attempt to answer them.

I would also like to take this opportunity to gauge reaction to the idea of inviting you in for an hour or so after school to demonstrate some of the arithmetic and reasoning methods we use in Year 6. I will send a slip out with your children this week and would be grateful if you could indicate on it if this is something you would be interested in attending – no pressure either way! I am suggesting March 6<sup>th</sup>, 3.45 to 4.45 ish...

Many thanks for all your wonderful support and I hope you have a great half-term,

Jon Warrener
