

# Nursery & Reception

## News

Week commencing Monday 11<sup>th</sup> June 2018

**This week we will be learning about technology in the home. We will be thinking about what we use in the different areas of our homes, how they are made and what we use them for.**

### Show and Tell

(everyday in Nursery and on Friday in Reception)

How do you use technology in the home? Bring a picture of something from your home or tell us about the technology you use.

Our creative activities will include making toys using pulleys and levers. We will be playing with electric train sets and remote control cars. Everyone will be making a Father's Day card and present and we will be making houses with playdough, sticks and stones.

**BAKING MONEY** - please donate £1 a week so we can continue with our baking activities.

Monday - We are using a food processor to make smoothies.

Tuesday - we will be using the microwave to make popcorn.

Wednesday - we are using the toaster and hob to make scrambled egg on toast.

Thursday & Friday - we are baking buns using the electric whisk and oven.
