

20 March 2019

Dear Parent/Carer

### **STAYING SAFE**

#### **PARKING**

I am very appreciative that the location of our school is challenging for parking. The small car park is not designed to meet the needs of its users.

However, I have become increasingly concerned about the safety of pupils, with no pedestrian / vehicular separation. I am also concerned about the inconvenience caused to members of staff, who have not been able to access their vehicle at all times.

Please ensure that, should you need to use the car park and leave your car unattended, you are not blocking another vehicle in, without informing the school office. Avoid parking on the entrance slope, at all times.

Finally, please ensure that when parking on the road, it is in keeping with the requirements of the Highway Code and that residents' driveways are not obstructed.

#### **MISSION POSSIBLE**

At playtimes and lunchtimes, when the weather is suitable, children are allowed to go into the Mission Possible area and use the equipment. This is supervised by members of school staff during the school day, but not before and after the school day. For children to use the space before and after school, they must be supervised by the parent or carer, until the bell rings at 8.55 a.m. We want children to be as active as possible, but ensuring safety is our paramount concern.

Yours sincerely

Mr J Rose  
Headteacher
